Attendees are requested to pre-register with NC Tree Farm by February 22, 2016 as space is limited and a meal and handouts will be provided. You may register by calling (919) 917-8646, or by emailing NCTreeFarm@gmail.com.

Additional information on farm and forest transition may be found at www.UMOAg.com.

Certified Tree Farmers Ginny and Allen Nipper have extensive personal and professional experience with land transition planning. Their presentation will focus on common pitfalls in transition planning, how to engage family members, holding family meetings, establishing family goals and inventorying documents. Participants will leave the workshop with practical next steps and templates for their own transition planning.
